" Setitik embun dapat melembabkan daun daunan, sederas hujan dapat membahasi daun beserta dahannnya sungguh ilmu yang kamu dapat pada kami bagaikan hujan deras yang tak pernah berhenti membahasi kami. kami tumbuh dan berkembang dan selanjutnya memekari seluruh sekitar kami dan akhirnya membuat mahluk ciptaan Tuhan menjadi bahagia dengan keberadaan kami. Terima kasih telah menjadi hujan deras buat otak dan akhlak kami."

2. URAIAN MATERI

2.1. Sub Uraian Materi 1: Congratulating

Expression of congratulation is expression that is used to congratulate someone when he or she has achieved

something. Every text of expression has function, structure, and also language features to guide us to build a good text. Before we create a certain text, it's better for us to understand those items and try to follow the rules one by one. Let's check it out:

1. **Social Function** is to congratulate someone about his/her achievement. The achievement is not only about winning something but also in other kind of condition, like graduating from a certain education, celebrating something, and getting something new.
2. **Generic Structure** or structure text of congratulation has the same structure like other expressions. We'll find only two structures in expression, they are:

- **Expressions**

The beginning of expression (in this case, in the dialogue).

For example: *Congratulations on your winning, Rea!*

- **Responses**

Response is the feed back of expression.

The feed back can be positive (accepting the expression) or negative (declining the expression).

For example: *Thank you, Megan. You're so kind.*

The following table shows the Expression of Congratulation and Responses.

Congratulating	Responding
o I'd be the first to congratulate you on...	o It's very good of you to say so.
o I'd like to congratulate you on ...	o How nice of you to say so.
o Please accept my warmest congratulations.	o Thank you very much for saying so.
o May I congratulate you on ...	o I'm glad you think so.
o I must congratulate you.	o Oh, it's nothing special actually.
o It was great to hear about ...	o Oh, I have a lot to learn yet.
o Congratulations.	o Thank you.
o Congratulations on ...	o Oh, not really.
o Well done	o Oh, nothing to it, actually.
o Nice done, congratulations!	o Oh, thanks.
o Good.	
o Fantastic!

The social function of compliment is an expression used to express our praise to someone. It is used by us everytime we find something good of someone to make him or her happy and improve his or her performance.

The structure of compliment expression is:
