KATA PENGANTAR KEPALA PUSAT BAHASA

Penggunaan bahasa Indonesia sebagai bahasa negara yang menempatkan bahasa itu sebagai bahasa resmi dalam penyelenggaraan pemerintahan dan bahasa pengantar pendidikan nasional serta bahasa pengembangan ilmu pengetahuan dan teknologi memerlukan pengembangan kata dan istilah dalam berbagai bidang ilmu. Kekayaan kosakata suatu bahasa dapat menjadi indikasi kemajuan peradaban bangsa pemilik bahasa itu karena kosakata, termasuk istilah, merupakan sarana pengungkap ilmu dan teknologi serta seni. Sejalan dengan perkembangan yang terjadi dalam kehidupan masyarakat Indonesia dari waktu ke waktu, perkembangan kosakata terus menunjukkan kemajuan. Kemajuan itu makin dipacu ketika kerja sama pengembangan bahasa kebangsaan antara Pusat Bahasa dan Malaysia serta Brunei Darussalam diarahkan pada pengembangan peristilahan. Pengembangan peristilahan itu dilakukan dengan memanfaatkan pakar bidang ilmu untuk bersama-sama pakar bahasa mengumpulkan istilah dari berbagai sumber. Istilah berbagai bidang ilmu dalam bahasa asing itu dibahas dalam Rapat Kerja Panitia Kerja Sama Kebahasaan (Pakersa) untuk memperoleh istilah Indonesia yang tepat. Istilah asing dan padanannya, sebagai hasil Rapat Kerja Pakersa itu, dibawa dalam Sidang Pakar Majelis Bahasa Brunei Darussalam-Indonesia-Malaysia (Mabbim). Sidang Pakar itu membahas padanan istilah bahasa Indonesia dan Melayu bersama pakar bidang ilmu dan pakar bahasa ketiga negara anggota untuk mendapatkan istilah yang paling tepat sesuai dengan makna konsep istilah bahasa sumber. Pengembangan peristilahan itu dilakukan berdasarkan panduan yang berlaku di ketiga negara anggota Mabbim. Di Indonesia panduan itu bernama *Pedoman Umum Pembentukan Istilah* dari edisi pertama terbit

tahun 1975, edisi kedua terbit tahun 1989, hingga edisi ketiga terbit 2004.

Perubahan tatanan kehidupan dunia yang baru, globalisasi, telah mengubah pola pikir dan perilaku masyarakat. Seluruh sendi kehidupan masyarakat mengalami perubahan, terutama mengarah pada persiapan memasuki tatanan baru tersebut. Penggunaan bahasa asing, terutama bahasa Inggris, memasuki berbagai sendi kehidupan, terutama dalam perkembangan ilmu pengetahuan dan teknologi. Perubahan itu memacu perkembangan kosakata/istilah, bahasa Indonesia. Kosakata/istilah bahasa asing masuk ke dalam bahasa Indonesia bersama masuknya ilmu pengetahuan dan teknologi ke dalam kehidupan masyarakat Indonesia. Berbagai perkembangan kosakata/istilah itu perlu ditampung dalam proses pengalihan kosakata/istilah dari bahasa asing ke dalam bahasa Indonesia. Untuk keperluan pepadanan kata umum atau ungkapan bahasa asing ke dalam bahasa Indonesia itu, disediakan buku *Pedoman Pengindonesiaan Kata dan Ungkapan Asing*. Pedoman itu dapat dijadikan acuan dalam memadankan kata-kata asing ke dalam bahasa Indonesia mengingat pepadanan kata asing harus dipercepat kalau ingin bahasa Indonesia tetap kukuh mengemban fungsi kenegaraan, kebangsaan, dan kemasyarakatan. Dengan pedoman itu diharapkan masyarakat dapat mengalihkan sendiri kata dan ungkapan asing ke dalam bahasa Indonesia, baik dalam keperluan komunikasi maupun dalam kaitan dengan penamaan merek dagang, badan usaha, bangunan/gedung, pusat belanja, dan penamaan permukiman.

Pengembangan peristilahan baik melalui kerja sama Mabbim maupun pengindonesiaan kata umum dan ungkapan kini telah memperoleh sekitar 400.000 istilah dan kata umum. Hasil pengembangan istilah bidang ilmu dimasyarakatkan melalui penerbitan glosarium, baik oleh Pusat Bahasa maupun oleh penerbit buku, agar istilah bahasa Indonesia itu dapat cepat sampai ke masyarakat pengguna bahasa Indonesia. Melalui penerbitan glosarium istilah bidang ilmu itu, diharapkan masyarakat, khususnya lingkungan masyarakat akademik, menggunakan istilah itu dalam aktivitas pembelajaran dan pengembangan ilmu pengetahuan dan teknologi.

Penerbitan *Glosarium Kedokteran* yang memuat daftar istilah bahasa Inggris dan padanannya dalam bahasa Indonesia ini diharapkan

dapat memenuhi harapan tersebut. Sehubungan dengan penerbitan glosarium ini, kepada pakar bidang ilmu dan pakar bahasa yang bekerja untuk istilah bidang ilmu ini, saya menyampaikan penghargaan dan ucapan terima kasih yang tulus. Demikian juga kepada staf Pusat Bahasa yang menyiapkan penerbitan glosarium ini, saya menyampaikan terima kasih. Penerbitan glosarium ini diharapkan dapat mempercepat penyebaran istilah bidang ilmu ke berbagai lapisan masyarakat, khususnya di lingkungan perguruan tinggi. Pengembangan istilah itu diharapkan mengukuhkan kedudukan dan fungsi bahasa Indonesia, terutama sebagai bahasa ilmu dan teknologi.

Kritik dan saran para pembaca dan pengguna buku ini amat dinantikan demi perbaikan dan penyempurnaan selanjutnya.

PRAKATA

Penerbitan *Glosarium Kedokteran* ini tidak terlepas dari kegiatan Majelis Bahasa Brunei Darussalam-Indonesia-Malaysia (Mabbim) dan Panitia Kerja Sama Kebahasaan (Pakersa) yang mempersiapkan bahan untuk Mabbim dan menindaklanjuti keputusan Mabbim.

Penyusunan daftar istilah ini diprakasai oleh Pusat Bahasa, yang dilakukan bersama-sama dengan pakar kedokteran. Para pakar yang berperan serta dalam penyusunan glosarium ini, antara lain, Prof. dr. Sidarta Ilyas, Prof. dr. Nurbaiti Iskandar, Prof. dr. Nurul Akbar, dr. Menaldi Rasmin, dr. Sumarni A. Adjung, dr. Gentur Sudjatmika, Prof. Dr. dr. Sudigdo S.A., dr. Dohar A.L. Tobing, Sp B.O., dr. Angela T., dr. Peni, Dra. Dameria Nainggolan, dan Alma Evita Almanar.

Penerbitan glosarium ini merupakan salah satu upaya untuk membakukan istilah kedokteran yang diharapkan dapat membantu para dokter, tenaga medis, dan masyarakat umum untuk meningkatkan pengetahuan umum di bidang kedokteran.

Semoga glosarium ini dapat memberikan arah yang tepat agar kita dapat menggunakan bahasa Indonesia dengan baik dan benar serta sesuai dengan fungsi dan kedudukannya. Kami mengharapkan kritik dan saran dari pembaca untuk perbaikan dan penyempurnaan glosarium ini.
